LIMBACH FACILITY SERVICE CEO TO SPEAK AT MCGRAW HILL CONSTRUCTION CONFERENCE

PITTSBURGH, PA (January 27, 2009) – Limbach Facility Services LLC announced today that Charlie Bacon, President and CEO, will be speaking as an invited panelist at the McGraw-Hill Construction's Managing Construction's Financial Crisis Conference on Tuesday, February 24, 2009, beginning at 1:45 p.m. Eastern time. The conference will be held at The McGraw-Hill Companies Corporate Headquarters, McGraw-Hill Gallery located at 1221 Avenue of the Americas, 2nd Floor, New York, NY 10020.

The topic of the Keynote Panel is titled, "How the Stimulus Package Will Help You Weather the Storm." Mr. Bacon will be sharing his perspectives on this issue and how the current financial crisis will impact the future of the construction industry. As the head of the 7th largest mechanical and service firm in the US, this subject is one in which he is uniquely positioned to offer well formulated insights. For further information on the conference go to: <http://www.construction.com/events/managingcrisis/program.asp>

Since 1901, Limbach has provided mechanical and sheet metal services to clients in Pittsburgh, PA. Today, Limbach Facility Services has grown to a \$350 million national mechanical contractor, consistently ranked in the Top 15 of ENR's Top Specialty Contractors since 1964. With headquarters in Pittsburgh, Limbach maintains eleven (11) established branch locations throughout the US, including Ann Arbor, MI; Boston, MA; Columbus, OH; Detroit, MI; Los Angeles, CA; Palm Springs, CA; Philadelphia, PA; Pittsburgh, PA; Orlando, FL; Tampa, FL, Washington, DC.

Limbach's commitment is to be the first choice mechanical construction and service firm in the markets it serves, consistently exceeding the expectations of its shareholders, customers, investors, employees, and partners.

Limbach strives to bring its customers a wealth of industry experience, an established local presence, cost competitiveness, a strong service record, and innovative building solutions in energy efficiency and technology. Limbach's construction heritage delivers an expertise that only experience can provide. An inexorable drive for excellence attributes to Limbach's status as the nation's leading and fastest growing, privately held mechanical construction and service firm.
